OBJECTIVE

Seeking full-time, entry-level position as a Front-end/Web Developer where skills in coding and debugging, Agile methodologies, front end frameworks, responsive design, web accessibility, and graphical user interfaces are assets.

EDUCATION

Bachelor of Science in Computer Science | University of South Florida, Tampa, FL
GPA 3.66 / 4.0

June 2020 – Dec 2023

Key specialized courses: Software Engineering, Data Structures, Operating Systems, and Program Design

SKILLS

Programming:	HTML, CSS, JavaScript, Python, Swift/SwiftUI, C/C++
Technologies/Frameworks:	React, Bootstrap, Django, REST, AWS, Node.js, Microsoft Windows, MacOS, iOS, Ubuntu
Developer Tools:	Figma, Bubble.io, Git, Firebase, Xcode, PostgreSQL, MySQL, SQL, SQLite, Dreamweaver, VSCode, Adobe Acrobat, Photoshop, Illustrator, Word, PowerPoint, Excel
Work Experience:	JIRA/Agile, Customer Service

KEY PROJECTS

YouTube For Dog Related Videos | React, HTML, CSS

April 2024

- Created a web app using **React** that displays a YouTube clone of only dog related videos with the use of Google API to fetch YouTube's data.
- Users can navigate through home feed, search, and have the option to watch videos based on what they choose.

New Pathfinder Interface | React, HTML, CSS, Figma, MySQL

Sept 2023 – Dec 2023

- Designed a web app using **React** with **HTML/CSS** and **Figma** as the high-fidelity prototype.
- Evaluated user participants to gain insights if the new interface was preferred more than the original.

Media Watch List | HTML, CSS, Bootstrap, JavaScript, Django (Python), PostgreSQL

May 2023 – Aug 2023

- Created a web app to keep track of watched shows using **HTML/CSS** as front-end and **PostgreSQL** as back-end
- Used **JavaScript** to access free APIs for movies/tv shows and stored the chosen media in **PostgreSQL** database.

RELATED WORK EXPERIENCE

The Brand Executives | Dallas, TX (Remote)

March 2024 – Present

Web Developer Intern

- Received weekly tasks to complete using **Figma/Bubble.io** while obtaining skills used in real-world scenarios.
- Used the provided skills obtained to enhance my workflow with different upcoming tasks.

theCoderSchool | Tampa, FL

March 2023 – Aug 2023

Coding Coach

- Coached children from ages 7-15 how to code in Lua (Roblox) based on what they would like to see in their personal projects.
- Coached younger children to understand the proper structure of coding with the use of Scratch, a high-level block-based visual programming.
